PROFILE

Driven Full-Stack Programmer, with a back-end focus, interested using technology to enhance the world around us. Proven skills to integrate best practices, incorporate peer feedback, and implement new features. Demonstrated ability as a collaborative team player, able to adopt and implement technology to enhance efficiency and deliver quality results.

SKILLS

Backend | Javascript, Node, Express, Python, C#, T-Sql, NoSql, MongoDB, Git, Netlify, GitHub Pages

Frontend | React, CSS, Bulma CSS, Bootstrap CSS

RELEVANT EXPERIENCE

EBE TECHNOLOGIES – EAST MOLINE, IL

REMOTE – 2017 - PRESENT | IN OFFICE – 2016 - 2017

Implementation Specialist

- Saved an estimated 30 hours of work, per project, by addressing areas of deployment process, automating repetitive tasks, and removing redundancy
- Developed integrations into third-party software with our mobile application to better serve customer needs
- Created RESTful API Endpoints supporting the Mobile application to serve 20,000 + Active Users
- Wrote and maintained technical documentation for internal usage of implementation process
- Appointed Tech Lead for 5 Implementation Specialist and held regular training sessions for 10+ people

PROJECT EXPERIENCE

PROJECT FITNESS PLANNER | BUILT WITH: HTML, BULMA CSS, JAVASCRIPT, API NINJA'S EXERCISE API, GOOGLE MAPS, FONT AWESOME, DAYJS, GIT, GITHUB PAGES

- View, Plan, and Assist workout creation, find a gym near to you, and help you pick exercise movements.
- I was a Full-Stack Developer responsible for creating the main workout page, the functionality for this was to create and view workouts, and I also created the main CSS theme/style for the application.

PROJECT TOOL LIBRARY | BUILT WITH: HANDLEBARS.JS, JAVASCRIPT, NODE.JS, EXPRESS.JS, HEROKU

- Facilitate rentals of the tools you need to complete a project from a community focused tool library.
- I was a Full-Stack Developer (Less Style) and Project Manager responsible for creating the overall page Back-End functionality, and the HTML Page layout

Education

UNCC Coding Bootcamp, Charlotte, NC | 2024 – Full-Stack Web Development

A 24-Week intensive program focused on gaining technical programming skills in:

HTML5, CSS3, JavaScript, JQuery, Bootstrap, Firebase, Node.js, MySQL, MongoDB, Express, Handelbars.js, and ReactJS

Black Hawk College, East Moline, IL – AAS | 2016 – Application Development
